

R WORKSHOP

SEPT 23, 2016

[10:00 AM - 11:50 AM; Nursing Building – Room 276]

“What is Reproducible Research and Dynamic Documentation”

The goals of this workshop are:

- At the end of this workshop, each participant will get experience using R + RStudio with the rmarkdown and knitr packages
- At the end of this workshop, each participant will have created a report from raw data plus simple analysis plus documentation output in HTML, PDF (optional) and DOC formats
