

R WORKSHOP

OCT 21, 2016

[10:00 AM - 11:50 AM; Nursing Building – Room 276]

“Tailoring Your Rmarkdown Reports”

The goals of this workshop are:

- At the end of this workshop, each participant will have learned more about markdown formatting for tailoring the look and feel (style) of their final documents
- At the end of this workshop, each participant will have learned about customizing their r-code chunks to manipulate what is displayed in the final report including captioning and other custom options settings.
